

Civil Aeronautics Administration

Aviation Safety Bulletin

ASB No: 92-029/O

October 15,

Subject :

Operators shall comply with Aircraft Flight Operation Regulations (AOR) Article 180, 254 to perform testing for suspected misuse of alcohol of persons who perform flight related operations.

Background :

Regarding the media report that a flight crewmember failed an alcohol breath test on international duty flight recently, the case is currently under investigation. To ensure safe operations, all flight crewmembers shall comply with AOR.

Recommendation :

1. Operators shall comply with AOR to perform alcohol testing and keep records for CAA inspection, and enhance En-route Check (S-flight) .
2. Notice flight operations related persons to comply with company regulations to avoid misusing any alcohol contained beverages before duty within regulatory time period.
3. Supervise and discipline the outer station flight crewmembers for their living.
